

European Patients' Forum (EPF)

The vision of EPF is to ensure that the European patient voice is at the centre of healthcare. EPF works as a catalyst for advocating a strong European patient voice, enabling patient groups to join forces and develop alliances. They work with like-minded stakeholders and with the EU institutions.

We have supported this organisation since 2005.

During 2022

GSK provided:

- A grant of €30,000 to support a capability building programme to strengthen the capability of both national and European level Patient Organisations.
- A sponsorship of €30,000 core partnership fee.
- €360 for attendance at one meeting of the GSK Health Advisory Board

Our support represents 2.6 % of their overall gross income.

During 2021
