

Europe: Myeloma Patients Europe (MPE)

Myeloma Patients Europe

MPE is an umbrella organisation of myeloma and AL amyloidosis patient groups across Europe. Their mission is to provide education, information and support to member groups, and to advocate at European, national and local levels for the best possible research and equal access to treatment and care.

We have supported this group since **2019**

During 2022:

GSK provided £91,000 of funding to support:

- Core Programming
