

European Network of Gynaecological Cancer Advocacy Groups (ENGAGe)

The European Network of Gynaecological Cancer Advocacy Groups (ENGAGe) is the ESGO network of European patient advocacy groups. It represents all gynaecological cancers (particularly ovarian, endometrial, cervical, vulvar, and rare cancers). The ENGAGe mission is to empower a patient-centric approach to gynaecological cancer care, research and prevention through awareness, advocacy and education.

We have supported this group since 2020.
