Statement: Zantac (ranitidine) litigation – Dixon case

GSK plc (LSE/NYSE: GSK) today confirmed it has reached a confidential settlement with Mr. Isaac Dixon, resolving the prostate cancer case filed in Illinois State Court. GSK does not admit any liability in this settlement. The case will now be dismissed.

Since 2019, following the 16 epidemiological studies looking at human data regarding the use of ranitidine, the scientific consensus is that there is no consistent or reliable evidence that ranitidine increases the risk of any cancer.

GSK will continue to vigorously defend itself and manage this litigation in the best interests of the company and shareholders.
